7th World Championship Shore Angling Pair Angling
from 1st to 8th March 2025 - Baia Domizia (Caserta - Italia)

7th World Championship Shore Angling Pair Angling from 1st to 8th March 2025 - Baia Domizia (Caserta - Italia)

La Federazione Italiana Pesca Sportiva e Attività Subacquee is glad to organise the 7th World Surf Casting Pairs Championship to be held in 2025.

Surf Casting is the most practised sport fishing discipline in the sea in Italy and the interest it arouses in athletes and in the sporting world in general is ever increasing. This motivates the Federation's commitment to promoting this activity, through the organisation of numerous competitions aimed at different categories of athletes, throughout the competitive year.

It is with immense pleasure that we assign the organisation of the World Championship of Pair Surf Casting to the Campania region, which will not disappoint the athletes and all participants, both for the beauty of the coastline and the presence of numerous prey such as sea bass, sea bream, common two-banded sea bream, sand steenbras, saddled seabream and horse mackerel. The location of Baia Domizia, in the province of Caserta, offers particularly favourable conditions for the holding of such an important event.

I would like to thank in advance the delegations that will accept the invitation to participate in the championship and I am sure that they will be able to enjoy an intense week of real sport. Likewise, I would like to express my gratitude in advance to those who will do their utmost to organise the event. Looking forward to meeting you on the competition field, I wish everyone an exciting sporting competition. Italy is waiting for you!

FIPSAS President
Ugo Claudio Matteoli

My warmest welcome to all athletes, officials, coaches, staff and all accompanying persons who will be attending this important and outstanding sports event.

The Championship held in Baia Domizia in the Province of Caserta is an event that will remain in the hearts and minds of all participants. The chosen location needs no introduction; these are shores where surf casting events are held at national level. The waters rich in fish will enchant the athletes and all participants in this important event.

In Italy, almost all promotional events are held with the formula of pair competitions, a formula that is highly appreciated by the competitive world of this discipline, so there is great expectation to see this world championship. We are hosted by the town of Baia Domizia, a splendid Italian town located in the wonderful region that is Campania, which will introduce you to an important historical and artistic heritage. It is impossible not to know the ruins of Pompei, Vesuvio, the city of Napoli and the Reggia di Caserta, whose splendour is unparalleled. And also the nearby islands of Procida, Ischia, and excuse me if I do not mention them all as it would be a long list that I could not rank in terms of importance and beauty. Baia Domizia, with its fantastic shores, will be at the centre of all surf casting enthusiasts who will follow the various competition days attentively.

Participating athletes will also be able to enjoy the gastronomy and wine of this area and will be delighted by the hospitality and friendliness of the people of this region.

These premises are fundamental for the success of the event, and I am certain that this hospitality will be accompanied by a competitive spirit animated by great loyalty.

I would like to conclude by thanking the organising committee, the authorities, and all those who will do their best to realise a brilliant event, and "may the best win!"

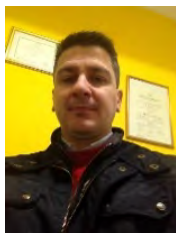

FIPSAS Shore Angling Vice President - Sea Division
Stefano Sarti

We are enthusiastic about hosting the 2025 edition of the World Sport Fishing Championship, an event of great importance that highlights our community's commitment to safeguarding the environment, the uniqueness of the waters and coastline of the Cellolese territory, and enhances the local peculiarities of the entire Domitian coastline. This championship represents a deeply-rooted tradition that enhances the sporting dimension of fishing, which is a real sport, thanks to a well-defined regulatory code under the aegis of the Federation, recognised by the Italian National Olympic Committee. Additionally, we would like to emphasise that the Administration shares the values underlying the activities promoted by the F.I.P.S.A.S., such as the importance given to environmental protection and the conservation of native fish species.

The Federation not only facilitates competition, but also contributes to educational, social and tourism empowerment, of which we are deeply proud. To all those who will be present in Cellole, particularly on the beach of Baia Domizia, during these days, we extend our warmest welcome, certain that a unique panorama, among dunes and Mediterranean stain, will await participants from all over the world, testifying how a high-level sport can harmonise with the knowledge of techniques and the protection of nature. We are therefore pleased that the seventh 'World Championship Shore Angling Pair' can further enhance the attractiveness and hospitality of Cellole, reaffirming our status as European City of Sport. This event also encourages us to pursue the enhancement of our territory as an authentic outdoor gymnasium, available all year round and for people of all ages.

The Mayor, Dott. Guido Di Leone
City of Cellole

It is with great pleasure that I welcome to Campania the participants of the 2025 Pair Surf Casting World Championship to be held in the first week of March 2025, in the splendid setting of Baia Domizia. The entire F.I.P.S.A.S. Campania Regional Committee will be happy to host you along the Domitian coastline for the days of the event. In collaboration with the provincial section of Caserta, we hope to be able to do the honours in the best possible way and guarantee a perfect outcome of the event.

President of F.I.P.S.A.S. Campania Regional Committee
Idresano Milanino

The Organising Committee in collaboration with the F.I.P.S.A.S. has the pleasure of inviting your Federation to participate in the 7th World Championship of Pair Surf Casting to be held in Baia Domizia (Caserta) from 1 to 8 March 2025.

Saturday 8 March 2025

08:00 - Breakfast at the hotel and departure of delegations

The Town of Baia Domizia

Baia Domizia is in the province of Caserta, on the border between Lazio and Campania.

It is one of the most popular seaside resorts in Campania and offers a wide choice of bars, restaurants, shops, ice-cream parlours and theme parks... not to mention excellent pizza!

From the Marina Club, you can organise trips and excursions to:

- Pontine Islands: the archipelago lies off the Tyrrhenian coast of lower Lazio. It consists of two groups of islands: Ponza, Palmarola, Zannone and Gavi to the north-west, Ventotene and Santo Stefano to the south-east. Ponza and Ventotene are the two main islands; to reach them, you have to arrive in Formia and take the ferry boat or hydrofoil.
- Capri: reach Napoli, embarking from the dock of Napoli Beverello, alternatively from the port of Pozzuoli.
- Procida and Ischia: take the ferry boat or hydrofoil from the port of Napoli.
- Reggia di Caserta: the fastest way is by car, the destination is 56 km from Baia Domizia.
- Abbazia di Montecassino : 53 km from Baia Domizia, the most convenient and fastest means is by car.

Reggia di Caserta <https://reggiadicaserta.cultura.gov.it/>

Pompei

RECOMMENDED LINE ENDS

Recommended materials:

Trace 1: rig body 50mm, fluorocarbon line 0,18mm to 0,20mm from 40cm to 50cm long, hooks with short shank no 6 to 10. Trace2: rig body 50mm, with longer fluorocarbon line 0,18mm to 0,20mm from 60 to 80cm long, hooks with short shank no 6 to 10.

Weight: pyramid 80g to 120g or bomb leads from 50g

Only single hooks of any shape shall be allowed, with an opening (gape) of at least 5mm. Anyone found in possession of hooks of unauthorised size shall be disqualified.

The minimum size for any type of fish is set at twelve (12) cm measured from the tip of the snout to the end of the (closed) tail.

The following shall be excluded from valid catch: sardines, shellfish, crustaceans and marine mammals, which, if caught, must be released into the water immediately alive and uninjured.

A fully equipped fishing store will be set up at the hotel a few days before the championship.

PRESENT FISHES

Garfish

Pompano

Mullet

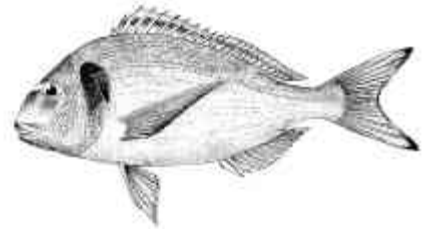

Saddled Bream

Striped Sea Bream

Gilthead

Common pandora

Flounder

Scalops

Goldline

Seabass

White Seabream

Weevers

Red mullet

Only judges may remove hooks from poisonous fish. Example: Lesser spiny weever (*Echiichthys vipera*) of the family Trachinidae. weever (***Echiichthys vipera***)

The fish will be measured by bank inspectors, the length and species of the fish will be recorded on the athlete's card.

The FIPS-M rules are strictly applied and can be downloaded from: www.fips-m.org

Ranking with 'Catch and Release' conversion table (see appendix):

- will be scored from the conversion table according to the size and species of the fish;
- 1 point will be awarded per fish for all fish smaller than 12 cm.

GENERAL INFORMATION

The athletes participating in the Championship, with the registration, implicitly accept all WADA anti-doping rules. Athlete whose illness or condition requires treatment with a prohibited substance or method must apply to CIPS for a Therapeutic Use Exemption (TUE) following the CIPS strict TUE application process.

He/she shall then use the application form, which can be downloaded from the ITA website: <https://ita.sport/resource/international-testing-agency-therapeutic-use-exemption-tue-application-form/>

The TUE request has to be sent to the following address: tue@ita.sport

Athletes must therefore consult the Prohibited List https://www.wada-ama.org/sites/default/files/2023-09/2024list_en_final_22_september_2023.pdf

If the TUE is granted, the athlete will then be permitted to use the medication during the period of validity of the TUE without committing an Anti-Doping Rules Violation (ADRV).

Regardless of whether a TUE has been granted or not, athletes should always declare on the doping control forms filled out during sample collection any medications and supplements taken within the seven days prior to sample collection, and any blood transfusions in the three months prior for blood samples.

If a TUE has already been granted by a NADO or by a RADO, the Athlete in question does not have to apply for any additional CIPS TUE, as CIPS recognizes all TUE granted by NADOs and RADOs.

Every athlete has the right to play a clean sport.
WORLD ANTI-DOPING AGENCY www.wada-ama.org/en
